Subjects currently available: Student option webpage

- Communication skills (3 credits)
- Student option: one of the following courses (8 credits)**
  - Urban and local policies
  - Rural development
  - European economy
  - Introducing economics*

- Final dissertation (14 credits)***

* For students who do not have a background in economics (i.e. graduates from any degree class except L-16, L-18, L-21, L-33, L-36, L-37) the exam “Introducing statistics” must be taken within the framework of Communication skills, and “Introducing economics” as a compulsory course.

** Graduates of degree classes L-16, L-18, L-21, L-33, L-36, L-37 may apply for an internship as an alternative to the optional course, where indicated by the IBD academic coordinator and subject to the approval of the Economics Department.

*** The Final examination consists of a written dissertation, which may be theoretical or empirical, focusing on a topic related to the degree course.
