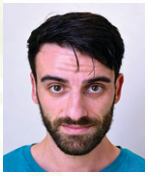
Omics Approaches for Studying the Chemistry of Life

When: February 23th 2026 | 9 am - 1 pm

Where: Aula I Plesso di Farmacia - Parco Area delle Science 27/A



Dr. Tito Damiani
Senior research scientist - IOCB Prague

Prof. Renato Bruni
Head of Botanical Garden of Parma

Register HERE

Prof. Donato Grasso
Rector's Delegate for Museum Activities

Assist. Prof. Alessia Levante
Microbiology Unit - University of Parma

Prof. Pedro Mena Parreno
Human Nutrition Unit - University of Parma

---

mzmine for Mass Spectrometry Data Processing

Hands-on Workshop - 3 ETCS

When: February 24th 2026 | 9 am - 3 pm

Where: Aula I Plesso di Farmacia - Parco Area delle Science 27/A

Register HERE

Objectives

- Untargeted metabolomics LC-MS/MS data processing
- Feature detection, annotation, and molecular networking
- Integration with downstram analysis tools
