Virtual Exchange between PhD students in Healthcare Biotechnology (University of Miguel Hernandez) and Food Science (University of Parma) about HPLC-MS/MS

Register here:

https://forms.gle/ZVcWyTcVwa1FtzeQ9

DAY 1 (7th October)

15:00 – 15:20. Welcome and Introduction

- DDMB: María Herranz
- UNIPR: Pedro Mena

15:20 – 16:20. Optimized processes for the extraction of bioactive compounds from food matrices. *Moderator: Enrique Barrajón*

- Speaker 1: Jose Ramón Martínez
- Speaker 2: Hilva Gjoni
- Speaker 3 Bianca Romanelli

16:20 – 17:20. Characterization of (poly)phenols in biological samples to study bioavailability. *Moderator: Cristina Del Burgo*

- Speaker 1: Marta Fernández
- Speaker 2: Arianna Gallina
- Speaker 3: Marta Berzaghi

17:20 – 18:20. Influence of microbiota on polyphenol metabolism: exploration through HPLC-MS. *Moderator: Javier Álvarez Martínez*

- Speaker 1: Carmen Carrieri
- Speaker 2: Laila Zeraik
- Speaker 3: Maria Sole Morandini

DAY 2 (8th October)

15:00 – 16:00. Omics sciences: big data processing. *Moderator: Sara Dobani*

- Speaker 1: Cristiano Negro
- Speaker 2: Lucia Ghiretti
- Speaker 3: Irene Pomares Bri

16:00 – 17:15. Practical activity. *Moderators: María Losada and Letizia Bresciani*

17:15 – 18:10. Round table: Professional research career from an international perspective *Moderators: María Herranz and Pedro Mena*

- UMH: Javier Álvarez – María Losada
- UNIPR: José Rinaldi – Cristina del Burgo

18:10 – 18:30. Close session

- Vicente Micol - Vice Rector for International Relations- UMH
- Daniele Del Rio - Vice Rector for Research and Technology Transfer-UNIPR
