Piacenza, February 13th 2023

Dear Students,

we inform you that, starting from today, registration by National Health Service at our healthcare authority for holders of permit of stay for study purposes will only be obtainable by paying the annual amount required for voluntary healthcare insurance, in accordance with article 34 paragraph 4 of Immigration Consolidated Text (Testo Unico Immigrazione).

This will also apply to students who are working in different ways in Italy, until they will obtain by Questura the conversion of the official reason of their permit of stay from “study” to “work”, in compliance with provisions of the above-mentioned Consolidated Text.

It should be pointed out that this procedure has long been applied by “ATS Città Metropolitana di Milano” on whose territory are located the headquarters of “Politecnico di Milano” and “Università del Sacro Cuore”.

We remind all students that, for any further information, they can get in touch with our International Mobility Office located in Piacenza - Piazzale Milano 2 - phone n° 0523-317518 e-mail address: ufficioestero@ausl.pc.it.

Best regards.
