Call for applications for mobility grants for the academic year 2026/2027

BANDO UNICO PER MOBILITA' ERASMUS

FOOD AREA

05/12/2025

The new 2026-2027 Single Call for Applications contains all the information you need to participate in a mobility programme at European and non-European universities in order to:

- attend courses and take exams to earn credits;
- attend courses and take the relevant exams together with curricular internships at the destination;
- carry out research activities and attend courses for doctoral students;
- prepare your bachelor's and doctoral theses;
- participate in double degree programmes within degree courses that offer this opportunity;
- participate in special projects active within the University.

TO BE DEFINED!!!

The **deadline** **for submitting applications is** **12:00 noon on 23 December 2025.**

LANGUAGE

It is the exclusive **responsibility of the student to verify**, before applying to this call for applications:

1. The language level required by the host institution;
2. The type of certification accepted by the host institution;
3. The deadlines by which the certification must be sent to the host institution.

LANGUAGE PLACEMENT TEST: http://www.unipr.it/LPT

Destination

- It is possible to include a **maximum of 4 locations** in your application, regardless of the number of areas involved (ERASMUS+ SMS, EU GREEN, OVERWORLD, Special Projects). The selected locations must be listed, in order of preference, in **Annex F** – Preferred Locations with Motivation Letter; the order of preference is binding during the allocation of the mobility placement.
- When applying on Esse3, you must complete one application for each area of interest (ERASMUS+ SMS, EU GREEN, OVERWORLD, Special Projects); **the order of preference indicated when submitting your application on Esse3 must match exactly the one listed in Annex F.**
- **The list of available locations is provided in Annex A "List of Destination Locations by Area,"** which contains information on the number of places and duration available for each destination and for each degree program. In the Notes section, you can also find any additional requirements requested by the host institution.

Mandatory documents

Each application is considered complete only if accompanied by all the required attachments, specifically:

Mandatory attachments:

- **Annex F – Preferred Locations with Motivation Letter, completed in all its parts**;
- **Self-certification of enrolment with exams (downloadable from ESSE3).**

- Optional attachments:
  - **Any language certificates**/attestations already obtained at the time of application;
  - Any **additional documents** deemed useful for the evaluation.

RANKING PUBLICATION

16 of MARCH 2026

- The rankings are published on the University portal on the Call for Applications page
  The publication of the rankings serves as official notification, and **no further communication will be sent to individual applicants**.
- The rankings show the applicants' student ID numbers, the score obtained, and the corresponding evaluation, which is:

  - **A – ASSIGNED:** selected for the location and awarded a mobility placement;
  - **N – ELIGIBLE:** selected for the location but placed on the waiting list because all available spots have been assigned;
  - **E – EXCLUDED:** not selected because the required criteria were not met.

To accept

- Following the publication of the ranking, selected students must confirm **acceptance of the assigned location within five (5) days from the publication date.** After this deadline, if acceptance of the assigned mobility placement has not been completed, the student will automatically be considered to have withdrawn, and the vacancy will be assigned to the next person on the ranking list.

- **a) Before the mobility, the selected student must:**
  • have finalized enrolment for the academic year 2026/2027 (for students intending to graduate in the extraordinary session of a.y. 2025/2026, enrolment in a.y. 2025/2026 will be considered valid, provided that a copy of the conditional enrolment request is sent to erasmus@unipr.it).
- **b) During the mobility period:**
  • **suspensions or interruptions of studies are not permitted, under penalty of exclusion from the benefits** (mobility grant and ERASMUS+ student status), with the obligation to return any amounts received and the non-recognition of activities carried out abroad;
  • **sitting exams or attending academic activities at the University of Parma is not allowed**;
  • **the final degree cannot be awarded during the mobility period**; it may only be obtained after the completion of the study period abroad and following the recognition of the activities carried out.

For all matters related to the management of mobility periods abroad, selected applicants may refer to Annexes B and C “Guide to ERASMUS+/OVERWORLD Mobility.”
