

The syllabus of a teaching provides the essential information of this teaching.

Contents - Extended program - Prerequisites - Reference texts - Educational objectives - Teaching methods - Learning assessment procedures

The teachers publish the Syllabus for each course.

To view the syllabus of the teachings it is necessary to go to the paragraph "LIST OF COURSES" of this web page, which allows the research of the teachings in the various years.

- Select the year of enrollment (the academic year in which the student enrolled in the course and in which he therefore attended the 1st year - e.g. a student enrolling in the 2nd year in 2024-2025 and want to view the syllabuses of the various courses that will be offered for 2nd year students in the 2024-2025 a.y., will have to select the 2023-2024 enrollment a.y. and then the 2nd year of the course)
- Click on "SEARCH"
- Select the course year (1st year - 2nd year)

In this way you get a list of all the teachings. This list shows:

Name of the course - No. of credits (credits) - Name of the teacher - Scheduled hours of frontal lessons

Clicking on the name of each course opens the page containing the related Syllabus.
